### **Fundraising:**

Tuition does not cover the total cost of educating our students. In addition, AJA offers tuition assistance to students who could not otherwise attend AJA. We therefore depend on fundraising each year to close that gap as well as allow for new enhancements to the existing program. All families are expected to participate in a personally meaningful way in the fundraising efforts of the school. There are many opportunities for families to show their support. This includes contributing to the Inspire Annual Campaign to the best of their ability through direct donations and solicitation of donations, attending fundraising events and inviting others to attend, and soliciting for sponsors and auction items.

### **Additional Costs to Anticipate During the School Year:**

Additional optional costs may include, but are not limited to: Student photos, yearbook, library donation, school lunch program, *tzedakah* (charity) projects, athletic team fees, academic meet fees, and after school enrichment programs.
